# Adam Wozniak

## Full-Stack Developer | Web Developer | Software Engineer

**adamwozniak.uk** | **github.com/adamwozhere** | **linkedin.com/in/adamwoz** | **adamwozhere@gmail.com** | **07766 490 605**

Equipped with diverse skills honed over 5 years in the design industry, bolstered by a recent frontend internship and technical proficiency from bootcamp training and independent study—ready to excel in full-stack development/software engineering

## KEY SKILLS

JavaScript, TypeScript, HTML, CSS, ReactJS, ExpressJS, NodeJS, Vite, NextJS, AstroJS, MongoDB, PostgreSQL, Jest, Vitest, Cypress, Redux, Docker, Tailwind, REST API, GraphQL

## EXPERIENCE

### Full-Stack Developer                                       *Nov 2023–May 2024*

**INVOICE APP | PERSONAL PROJECT**

*mint-invoicing.onrender.com* | *github.com/adamwozhere/invoice-app*

- Developed a **full-stack SPA** using **React** and **TypeScript** bundled with **Vite**, enabling users to sign-up, and manage customers and invoices online

- Built and deployed a **NodeJS Express** server with **Mongoose**, connecting to **MongoDB Atlas** and serving data through a **RESTful API** for the frontend

- Implemented extensive **API** endpoint **testing** with **Vitest / Jest** and **Supertest**, verifying reliability of full request/response cycles

- Utilised **Git** for **version control** and **CI/CD**, automating build and deployment processes to Render.com web services

- Created complex user interfaces with **react-hook-form** and used **TanStack Query** for efficient API data fetching and state management

- Implemented secure user **authorisation** with **JSON Web Tokens**, ensuring persistent login and silent refresh with **Axios**

### Frontend Developer Intern                                       *Jun 2023–Sep 2023*

**UNSEEN GROUP | REMOTE**

*https://careerpass.network*

- Managed the entire project lifecycle, successfully delivering Careerpass Network's first **B2B website**, significantly enhancing the company's online presence

- Collaborated with stakeholders to identify project goals, ensuring alignment with company objectives and timely delivery through effective communication

- Developed a dynamic content management solution using WordPress as a **headless CMS** via **GraphQL**, enabling marketing teams to seamlessly publish news articles and case studies

- Utilised **Agile** methodology and **Git version control** to track and manage project development, ensuring timely delivery

- Researched and selected the optimal technology stack, including **AstroJS**, **HTML**, **Tailwind CSS**, and **JavaScript**, with **AWS Amplify** for deployment

## Motion Graphics Designer                               *2015–2020*
**FREELANCE | REMOTE**

- Designed digital signage and title graphics for **Ericsson**'s exhibitions, enhancing brand presence at major industry events like the **Mobile World Congress**

- Created conference introduction films for the **Global Financial Markets Forum**, boosting brand awareness for **First Abu Dhabi Bank**

- Delivered remote freelance projects, interpreting briefs and proposing creative solutions, ensuring on-time and on-budget delivery

- Collaborated with production studios, advertising agencies, and clients, iterating based on feedback to deliver high-quality solutions aligned with client expectations

## Keyholder, Minilab Operator, Sales Assistant      *2006–2015*
**KODAK EXPRESS | TROWBRIDGE**

- Designed and maintained the store website, improving customer engagement and eliminating external web service costs

- **Automated** repetitive tasks with **Photoshop macros**, significantly boosting efficiency in formatting ID photos and canvas prints

- Provided expert technical advice to customers on camera equipment, from purchasing to fault diagnosis and troubleshooting

- Performed day-to-day operations as a Sales Assistant, excelling in **customer service**, along with extended duties including stock ordering, digital printing, and photo restoration

# EDUCATION

## Web Development                                  *Oct 2022–Dec 2022*
**BATH SPA UNIVERSITY**

Digital Bootcamp Certificate

## BA Animation                                            *2005–2008*
**UNIVERSITY OF PORTSMOUTH**

Bachelor of Arts with First Class Honours
